Depart

A Little History about CSD

CSD celebrated its 150th Anniversary in 2010, and has a rich and storied history in its current location in Fremont and on its previous campuses in Berkeley and San Francisco. On the 91-acre Fremont campus, you will find student-made murals decorating the buildings, and “The Bear Hunt” sculpture by alumnus Douglas Tilden.

- Please remember to bring a gift that may be unique to your school and/or state. We will randomly give out gifts as door prizes throughout the conference.
- All cottage rooms have access to refrigerator, stove, and microwave. Linens will be provided

CSD takes pride in their alumni who have achieved success and recognition in their professional careers. CSD has graduates who have gone on to become experts in the field of visual and performing arts, athletics, business, educational administration, political and community service, law, medicine, publishing, and writing.

Purpose

The purpose of the 2019 biennial conference is to enable the learner to improve their knowledge base of school health issues, disease prevention and health promotion, in particular for Deaf students, as well as provide an opportunity to network with Deaf -school nurses from around the country.

**See you at the
2019 NASND
Conference,
And that you enjoy
California, and CSD!**
